Notes

I support the Forest & Bird submission to grant the application. In particular I support measures for the wider catchment which will protect: the water clarity and purity the scientific, ecological and biodiversity values habitat for indigenous flora and fauna cultural values wild, scenic and natural characteristics My submission relates to all of the application. I support the application. I seek that the Special Tribunal recommends granting the order to the Minister of the Environment. I do not want to present my views at the public hearing.

Clause

What is/are your view/s on the application?

Position

Support

Notes

Living in Nelson, I'm able to visit the Springs regularly. I also take overseas visitors there. They are always awestruck by the clarity of the water. I was very pleased when diving was prohibited, but the present threat is more insidious, and damage might have already been done. It is imperative for both the cultural and ecological values of the Springs that they are protected from pollution by more agricultural development.

Clause

I/we seek the following recommendation from the Special Tribunal to the Minister for the Environment

Position

Grant the order
