Notes

I support granting the application for the Order because as I Golden Bay youth I will see and live through the impacts of my community's water consumption. These are sacred waters that I have treasured from birth and I do not want to see them destroyed. I believe our water consumption rate is stealing from our future, a future that I will have to live through when those who have taken the water will have passed. This is my future and I want to protect the waters so that I and future generations can still treasure such incredible taonga.
