Phone number

[Redacted]

Do you wish to be heard in support of your submission?

(Being 'heard' means speaking at a hearing)

No

Could you gain an advantage in trade competition from this submission?

No

Are you directly affected by an effect of the plan change that:

- a) adversely affects the environment; and
- b) does not relate to trade competition or the effects of trade competition

I am not

State what your submission relates to and if you support, oppose, or want it amended:

(e.g. support rule 'x', or amend policy 'y')

Oppose, unless time & assistance is given free of charge to the permit application. The reality of covid-19 is unless the ORC are prepared to assist and contribute their time in a useful and meaningful manner towards permit renewal the resulting extra pressure put on the rural sector is just a wilful act that pays no heed to NZ's need for all contribute.

State what decision you want the Otago Regional Council to make:

(e.g. amend policy 'y' to say....)

Delete the plan unless the ORC are prepared to give their time & assistance free of charge to the permit.

Give reasons for the decision you want made:

(e.g. I want policy 'y' changed because...)

The agriculture sector is under enough pressure to operate now without the extra stress of complications around water supply. The ORC should willing contribute in a more practical manner. We are all in this together and with that in mind, the rural sector will need all the help it can.
