Do you wish to be heard in support of your submission?

(Being 'heard' means speaking at a hearing)

No

Could you gain an advantage in trade competition from this submission?

No

Are you directly affected by an effect of the plan change that:

a) adversely affects the environment; and

b) does not relate to trade competition or the effects of trade competition

I am not

State what your submission relates to and if you support, oppose, or want it amended:

(e.g. support rule 'x', or amend policy 'y')

I am involved in small scale suction dredging on a gold claim in central Otago.

State what decision you want the Otago Regional Council to make:

(e.g. amend policy 'y' to say....)

I am opposed to any requirement for small scale suction dredging to require a resource consent or water permit.

Give reasons for the decision you want made:

(e.g. I want policy 'y' changed because...)

It could place undue costs and bureaucracy on hobbyist gold prospecting, making it unpractical for small scale operations to continue. Dredging does not remove any water from the river nor have any negative impact on the environment.
