State what your submission relates to and if you support, oppose, or want it amended:

(e.g. support rule 'x', or amend policy 'y')

I OPPOSE the plan change on the following basis:

1.Determining future use of water on the basis of past use is not a suitable methodology for the determination of water

usage. It does not take into account investment in new agriculture/horticulture nor planned or unplanned changes in land use.

2. A six year window is insufficient to determine investment outcomes when dependency on irrigation is at the centre

of the investment strategy.

3. Averaging water usage rates is a flawed method for determining future water needs which are seasonal and may fluctuate

significantly with climate change impacts.
