SUBMISSION FORM

6 July 2020

Otago Regional Council Omnibus Plan Change - Plan Change 8 (Water Quality) to the Regional Plan: Water for Otago

This form is for making submissions on a change the Otago Regional Council (ORC) has prepared for the Regional Plan: Water for Otago. This plan change is one of two comprising the Omnibus Plan Changes (also known as the Water Quality Plan Change). The Omnibus Plan Change has been called in by the Minister for the Environment under section 142(2) of the Resource Management Act 1991 (RMA).

Plan Change 8 proposes to introduce a range of amendments targeting specific issues or activities known to be contributing to water quality issues in parts of Otago.

NB: Please use a **separate form** if you wish to make a submission on the other part of the Omnibus Plan Change - Plan Change 1 (Dust suppressants and landfills) to the Regional Plan: Waste for Otago.

This submission form includes guidance to aid the submitter. For more information on Plan Change 8, please refer to the Public Notice or further information on the EPA website:

www.epa.govt.nz/ORCplanchanges.

Where to get help preparing your submission

If you have any queries about making a submission or the plan change itself please contact the EPA by phone on 0800 401 673 or by email at ORCplanchanges@epa.govt.nz.

How to make a submission

Your submission on Plan Change 8 must be received no later than **5pm on Monday, 17 August 2020**.

You must also send a copy of your submission on Plan Change 8 to the ORC when you make a submission.

Submissions on Plan Change 8 can be made by either:

1. Using the online submission form on the EPA website under www.epa.govt.nz/ORCplanchanges
All submissions made online will automatically be forwarded to the applicant and the form includes a space to upload any supporting documents;

OR

2. Filling out this form and:

- a. Emailing it and any supporting information to ORCplanchanges@epa.govt.nz (if smaller than 10 MB) with the following subject line: Submission [Your Name] ORC Plan Change (Omnibus); OR
- b. Posting it and any supporting information to: Environmental Protection Authority, ORC Proposed Plan Changes, Private Bag 63002, Wellington 6140; OR
- c. Delivering it in person to the Environmental Protection Authority office on Level 10/215 Lambton Quay.

Submissions made on this form must be forwarded to ORC by either:

1. Emailing it and any supporting information to policy@orc.govt.nz (if smaller than 10 MB) with the following subject line: Submission [Your Name] ORC Plan Change (Omnibus);
2. Posting it and any supporting information to Otago Regional Council (attention Rachel Currie), Private Bag 1954, Dunedin 9054
3. Delivering it in person to Otago Regional Council (attention Rachel Currie), at any of the Otago Regional Council office:
 - Alexandra (William Fraser Building, Dunorling Street),
 - Dunedin (70 Stafford Street); or
 - Queenstown (Terrace Junction, 1092 Frankton Road).

Privacy statement

The personal information you provide on this form will be held by the EPA, 215 Lambton Quay, Wellington. It will be used by the EPA for the purpose of administering the public consultation aspects of the Omnibus Plan Change. Copies of your full submission will be provided to the Environment Court and the ORC, and your address for service may also be provided to other parties in the process. Other than your name, your personal contact information in Part A of this form will not be published on the EPA website.

Your name, the information in Part B of this form, and any attached information will be published on the EPA website, and made available to the Environment Court, the ORC and the public for use in the processing and consideration of the proposed WPPC.

By completing this submission form, you give the EPA permission to use the information for the purpose stated above. You have the right to access and correct personal information held by the EPA. All information held by the EPA is subject to the Official Information Act 1982. Note: If the submitter is a company, full business contact details will be published on the website.

Notes about your submission

Please note, your submission (or part of your submission) may be struck out if the authority is satisfied that at least 1 of the following applies to the submission or (part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it is supported only by evidence that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert evidence on the matter:
- it contains offensive language.

Part B

Submitter Name: Matthew Sole

This is a submission on a matter in relation to which the Minister for the Environment made a direction under section 142(2) of the Resource Management Act 1991. The matter is **Water Plan Change 8**, part of the Omnibus Plan Change prepared by the Otago Regional Council.

If you require additional space for any question(s) please attach further documents or paper to this submission form and clearly state your name and the question(s) you are expanding on.

Are you a trade competitor?

Please select the appropriate option.

I am **not a person who could gain an advantage in trade competition** through this submission y

I am **a person who would gain an advantage in trade competition** through this submission and am directly affected by an effect of the plan change that adversely affects the environment and does not relate to trade competition or the effects of trade competition n

What are you submitting on?

You can submit on specific parts of Water Plan Change 8 or the whole plan change.

I am submitting on the **whole of Plan Change 8** y

I am submitting on **specific parts of Plan Change 8** (please detail below)

The specific parts of the matter that my submission relates to are:

1.

What is your view on Plan Change 8 or the specific parts listed above?

Please select one, if you have multiple views state clearly in the comments box below.

Support y <input type="checkbox"/>	Neutral <input type="checkbox"/>	Oppose <input type="checkbox"/>
The reasons for my view(s) are:		
<p>1. The intent of the plan change should be supported, in that it seeks to address immediate gaps in the RPW. It will press the ORC to clarify the which of these provisions will be include in the upcoming Land and Water Regional Plan (LWRP), as it is not clear which of these provisions is short term only and which will be included for the long term in the LWRP.</p> <p>2. Support strengthened provisions for urban discharges, for human waste, for storm water and sediment from urban development..</p> <p>3. Support provisions to reduce sedimentation from intensive grazing, such as setting a requirement not to grazing critical source areas as a permitted activity and requiring setbacks from waterways. Seek that setbacks from waterbodies for intensive grazing are dependent on the slope of the area that is being grazed. The higher the slope, the greater the setback should be.</p> <p>Strengthening the above will recognise Te Mana o te Wai, sustain the ecological function and life supporting capacity of the regions water bodies; and move to restoring safe and meaningful recreation within the water bodies</p>		

What decision would you like the Environment Court to make?

Approve Plan Change 8 <input type="checkbox"/>	Approve Plan Change 8with amendments <input type="checkbox"/>	Decline Plan Change 8 <input type="checkbox"/>
The reasons for my view and/or any amendments I am seeking are:		
<p>1. Seek that the good farming practices policy (7.D.9) is strengthened, for example by:</p> <p>a. requiring, rather than promoting, the implementation of good management practices or identification and management of critical source areas;</p> <p>b. requiring that stock are excluded from critical source areas; and</p> <p>c. recognising that farming activities should occur within environmental limits, not simply be enabled.</p> <p>2. Ask the ORC to aid landholders in implementing PCB provisions by identifying the position of critical source areas and the degree of slope near waterbodies across Otago. This can likely be achieved via remote sensing but may take a few years.</p> <p>3. Placing sediment traps in waterbodies will have environmental improvements. Support the provisions, with the proviso that they should not be the primary tool for sediment control. Sediment must primarily be stopped at the source.</p> <p>4. Require that stock exclusion provisions are at least as stringent as in the Action for Healthy Waterways Action Plan, which is set to imminently release national guidance on the topic.</p>		

Do you wish to be heard in support of your submission?

All submissions will be considered by the Environment Court.

Please indicate if you wish to be heard in support of your submission

<p>I do not wish to be heard in support of my submission no <input type="checkbox"/></p>	<p>I wish to be heard in support of my submission yes <input type="checkbox"/></p> <p>If others make a similar submission, I will consider presenting a joint case with them at the hearing yes <input type="checkbox"/></p> <p>I intend to call an expert witness(es) <input type="checkbox"/></p> <p><i>(If you do not tick this box, you can change your mind later and decide to call experts to give evidence in relation to your submission, provided you do so in time to meet any procedural direction the Environment Court might make)</i></p>
---	---

Authority to Act

I confirm that I have authority to sign this submission on behalf of the submitter yes
