No

Are you directly affected by an effect of the plan change that:

- a) adversely affects the environment; and
- b) does not relate to trade competition or the effects of trade competition

I am

State what your submission relates to and if you support, oppose, or want it amended:

(e.g. support rule 'x', or amend policy 'y')

I oppose water permits plan change 7

State what decision you want the Otago Regional Council to make:

(e.g. amend policy 'y' to say....)

I would like to see the term for permits to be 25 years+

Give reasons for the decision you want made:

(e.g. I want policy 'y' changed because...)

I believe that the short terms of the proposed permit lengths will incur unnecessary costs for both the applicants and the ORC with extra time and resources needed to process the consents. Investment has been made of on our property to provide storage, pumping, piping etc to utilise our water allocation wisely for the production of award winning wine. The status quo meets our needs and I see no need to change.
