

APPENDIX A – PROJECT OBJECTIVES

Government Policy Statement on Land Transport

The GPS (2018) contains four strategic priorities, each containing individual objectives:

- Safety:
 - Objective: A safe system free of death and serious injury.
- Access:
 - Objective: Increased access to economic and social opportunities, enables transport choice and access, and is resilient.
- Environment:
 - Objective: Reduces greenhouse gas emissions and adverse effects on the local environment and public health.
- Value for Money:
 - Objective: Delivers the right infrastructure and services to the right level at the best cost.

P2B Detailed Business Case Objectives

As part of the investment logic mapping the DBC identified the following activity objectives:

- Support the national and regional economy.
- Improve access to employment and economic opportunities.
- Support liveable communities.

Waka Kotahi P2B Project Outcomes

Waka Kotahi's desired outcomes for the P2B project are:

- To provide greater accessibility for the rapidly developing Southern Growth Area.
- To ensure greater transport capacity for the southern motorway.
- The prompt lodgement of robust NOR documentation able to withstand challenge.
- The early construction of the Stage 1 works from Papakura to Drury.
- The key outcomes are consistent with the strategic direction of the GPS which are safety, access, environment and value for money.
